SKILLS

- ELIXIR / PHOENIX
- PYTHON/DJANGO/FAST API
- HTML/CSS/JAVASCRIPT
- MERN / PERN
- REACT/NODEJS
- UI/UX
- DOCKER
- FIGMA
- GITHUB
- TYPESCRIPT
- CHAKRA UI
- DBMS

PROJECTS

- तापमान विश्लेषक** 
Node.s, React, Mongo DBI
- VRDDHIM INNOVATIONS** 
Elixir, Phoenix, DaisyUI
- MINDLIFE** 
Python, Django, React, HTML/CSS, Tailwind CSS
- SHOAIB FITNESS SITE** 
React, TypeScript, HTML/CSS, JavaScript
- VRDDHIMAN ANALYTICS** 
Elixir, Phoenix, DaisyUI, PostgreSQL
- Internet Speed Web** 
Python, JavaScript, PowerShell, CSS
- SAAS MODULE** 
Elixir, Phoenix
- AGENTIC TAILORED AI PROJECT** 
Python, FastAPI, LangChain, Vector Database, LLMs
- Personal Portfolio Site** 
React, Node.js, TypeScript, Animation CSS

LANGUAGES

Hindi and English

PROFILE

I am a tech-savvy Full Stack Developer with 3+ years of experience delivering scalable web applications, dashboards, and end-to-end digital products. I'm comfortable working across any tech stack and have strong expertise in Python, MERN, PERN, REST APIs, microservices, and database design. I also specialize in UI/UX design and handle deployment, scaling, cloud hosting, and database management. Beyond development, I have a deep interest in philosophical thinking, which adds clarity and creativity to my work.

WORK EXPERIENCE

- Essentia.dev**
Full Stack Developer PRESENT
 - Developed full-stack applications using Elixir, Phoenix, Django, and React, with scalable architectures and optimized databases. Designed modern UIs with Figma, DaisyUI, and Tailwind, and deployed reliable, production-ready systems.
- Essentia.dev**
Full Stack Developer - Intern 2023 - 2024
 - Worked on client projects using Django and MERN, contributing to both backend and frontend development. Gained hands-on experience with Linux environments (RHEL, Ubuntu) and collaborated through GitHub for version control and project management.
- Naresh i Technologies**
Frontend - Intern 2023 - 2024
 - Learned PYTHON, HTML, CSS, JavaScript, Linux commands, Git/GitHub, and various IDEs.
- Dotsquares**
Testing - Intern 2022 - 2023
 - Worked on HTML, CSS, JavaScript, Linux commands, Git/GitHub, Raspberry Pi, latency testing & optimization, Selenium automation testing, and web scraping.

EDUCATION

- Bachelor of Technology** 7.79 sgpa
AKTU University , Lucknow
- Higher Secondary Education** 72%
Aatreya Academy
- Higher Secondary Education** 76%
Aatreya Academy

INTERESTS

Psychology, Data Structures, Compiler Design, Cooking, Agentic AI Systems, LLM-based Automation, Distributed Systems, Cloud-Native Architecture, Edge Computing, Web Performance Optimization, and Human-Computer Interaction (HCI)
